Jerry and Fran:

Just received an out of office message from Dave. See my note below and please let me know.

Thanks,

Tito

Subject: Fw: Freedom Industries reveals another chemical present

Dave:

Do you have someone looking into this chemical? What are its characteristics? Does it change the response actions taken (the clearance benchmark of 1 ppm, etc) ? How about the regulatory status, any changes given this new info.?

Thanks,

Tito

Subject: Freedom Industries reveals another chemical present

Freedom Industries revealed today that as much as 300 gals of a chemical listed on the MSDS as PPH was also present in their tank that leaked Crude MCHM into the Elk River on January 9.
